# **Totem Free Standing Light Boxes** SKU: TOT80170 & TOT60170

#### **IMPORTANT:**

Always ensure power is OFF during assembly & maintenance procedures. These light boxes are intended strictly for INTERIOR use only

### **Product Assembly Instructions**

Screw the bottom and the top plate to the side columns of the light box

Place the full length plastic diffusion panel and clear plastic lens into the channels on the side columns (as shown in the detail drawing) ensuring that the decorative panel is at the bottom of the display

Place thumb on the inside of the snap frame profile and open outwards

Peel back clear protective sheet

Fasten the poster by sliding the top corners into the clips as shown

Replace the protective plastic sheet

Close the snap frame profile on each side of the display. Finally, switch on your totem light box and start advertising!
