

Water Base Event Banner - Instructions

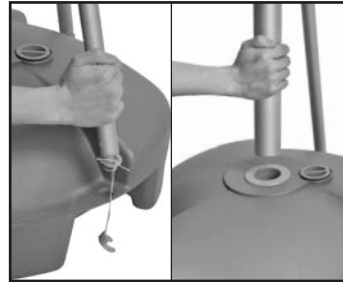

SKU: FLRECXL

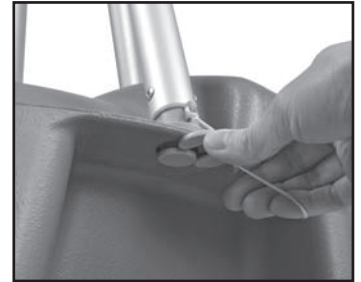

1 x Water base
1 x Telescopic pole
3 x Support leg
6 x Pole ring
1 x Locking clip
1 x Flag Hanging arm

1. Position the base and fill it with water

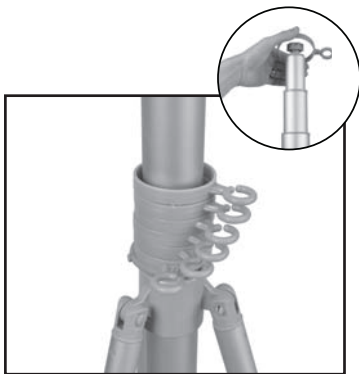

2. Place support legs and the telescopic pole onto the base

3. Secure each support leg with the leg clips

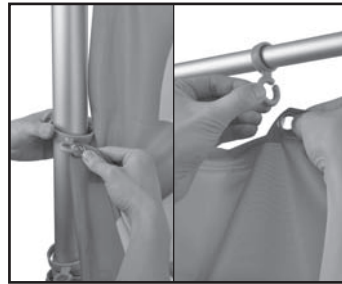

Please Note: Each Leg will fit into a corresponding hole

4. Slide all pole rings and locking clip over the telescopic pole

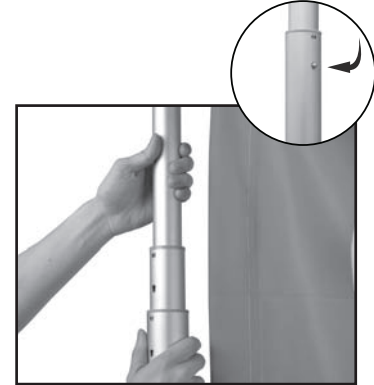

5. Unscrew the thumb screw from the top. Then, place the flag hanging arm on the telescopic pole and tighten the thumb screw to the top

6. Attach the grommets in the banner to each of the pole rings

Please Note: 4 rings on hanging arm and 6 rings on telescopic pole

7. Extend the telescopic pole starting with the top section till the release button pop out. Then repeat the same step to the lower section.
