

# Fabric Totem - Instructions

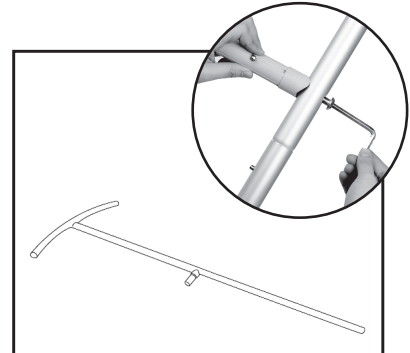

SKU: KHAGBS & KHCVBS

1. Remove all components from the case.

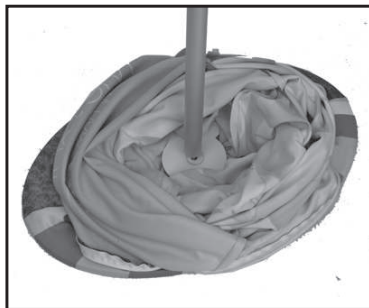

2. Assemble the straight pole and the curved top pole. Join together.

3. Insert shelf fitting in the middle of tube and tighten with an allen key.

4. Put the base in the bottom of the print and insert the edge of the fabric into the groove.

5. Insert the supporting pole into the base.

6. Using an allen key, secure the pole to the base.

7. Draw the fabric toward the top of the frame and slip over the top.

8. Zip fabric over the top of the frame.

9. Attach light to the top of the frame and gently tighten using the dial at the back of the light fitting.

10. Insert the shelf into the stand and Attach to the fitting installed in step 3.

11. Display stand is now ready for use.

Note: After disassembling, fold the fabric and place into plastic bag to protect your print for the next trade show.
